Remembering Terri MacAndrew

“Terri was the 1st person who reached out to me in 9th grade. I was new to Laurel and it was my 1st year at LHS. Being shy and insecure I had already met Meri Giordan but she wasn’t going to be in any of my classes. I felt lost, shy, and extremely insecure. Terri had a welcoming smile and immediately put me at ease. She was a great person. We became Facebook friends in recent years. I will always value her friendship. She was accepting, loving, and always true to herself. I will miss her deeply.” Sharon Smith Bowen -- LHS 1965

“I remember Terri as a feisty, energetic and spirited young woman. She dated a star LHS wrestler and was very popular. She had a cuteness both in her face and her personality. We were FB BFFs and I’ll miss her.” Tony West -- LHS 1965
